

# PMF locations

## 1. Where are the classrooms?

Our Faculty (PMF), and especially the Biology department, is spread across Zagreb. Probably the biggest issue for Erasmus and young students is finding and locating all of the classrooms. Because it can be overwhelming for new students, student representatives decided to make this little system to help you find the lectures and practical courses.

The main locations of the Biological department are:

- a) Horvatovac
- b) Roosevelt square
- c) Square of Marko Marulić
- d) Botanical garden of Zagreb

Below we describe every location, how to get to it and how to find the classrooms.

This table lists all classrooms of the Biology department that you may require to find, according to their location. Keep in mind that classroom **BO6 is at Marko Marulić square**, while other classrooms with the prefix B are at Roosevelt square!

Address	Classroom	Floor
Horvatovac 102a	A1	High ground floor

## a. Horvatovac

At Horvatovac you will find buildings of the majority of our Departments, including Mathematics, Physics, Geology, Geophysics and Chemistry departments and Division of Molecular Biology. Most of the classrooms and laboratories Erasmus students will use at Horvatovac are located at Horvatovac 102a. Here, the Chemistry and Geology departments and the Division of Molecular Biology are located.

To get to Horvatovac from Ban Josip Jelačić square you will need to:

- Walk to Kaptol (towards the cathedral on the hill), and next to it you will find the bus station
- Take any bus (106, 201, 203, 226 or 238), **except 105**, because it has a different route
- Get off on the station called „Bijenička“ (3rd station after Kaptol)
- Go into the small street “Ružičnjak” to the right of the bus station, which will lead you up a small hill (and beside a small recycling yard)
- Turn right and you will see the Chemistry building

This is a strange but faster path to the building.

## d. Botanical garden of Zagreb

To get to the Botanical garden from Ban Josip Jelačić square, there is no direct route by the trams, but you can either

To get to the Botanical garden laboratories, you will need to use the side entrance. It is located on the west side of the garden (right from the main entrance), in the „Runjaninova“ street. Usually, you need to wait outside the buildings for someone to lead you to the laboratory.

**Fig. 13.** Directions to Botanical garden of PMF seen on google maps

**Fig. 14.** Aerial view of the side entrance from “Runjaninova” street to the Biology Department buildings in the Botanical garden, seen on google maps. Circled is the location where students usually wait for someone to lead them to the laboratories. In the building with red roof is the VIR laboratory, and in the building with green roof are the laboratories 8P3 and 8P4.

## 2. Extra: Where to eat?

As a student you will receive a student card also called „ixica“. With that card you will be able to eat at all student cantinas (“menza”) in Zagreb. You can find them all over the city, and they are listed on this link on google maps:

[https://www.google.com/search?rlz=1C1FGUR\\_hrHR757HR757&tbs=lf:1,lf\\_ui:9&tbm=lcl&sxsrf=APq-WBsiBLsk5bNh-5hHz4OYPfRd4HpuQQ:1648497746060&q=menze+zagreb&rflfq](https://www.google.com/search?rlz=1C1FGUR_hrHR757HR757&tbs=lf:1,lf_ui:9&tbm=lcl&sxsrf=APq-WBsiBLsk5bNh-5hHz4OYPfRd4HpuQQ:1648497746060&q=menze+zagreb&rflfq)

But, there are three closest ones to the Biology department buildings.
